## SPECIFICATIONS AND DRAWINGS

The WSAA Codes can be purchased directly from the <https://www.wsaa.asn.au/bookshop/default.aspx>

Tasmanian modifications or improvements to the WSAA Codes will be progressively added to this website in the form of **the Corporations'** Supplements:

WSAA Code Supplement	Rev No	Dated Added/Modified

## APPROVED PRODUCT LISTS

Southern Water, Ben Lomond Water and Cradle Mountain Water have adopted the metropolitan Melbourne business, City West Water (CWW) Approved Products Catalogues.

The CWW Approved Products Catalogues can be downloaded CWW's website link: [http://www.citywestwater.com.au/plumbers\\_and\\_developers/approved\\_products.aspx](http://www.citywestwater.com.au/plumbers_and_developers/approved_products.aspx)

City West Water Approved Products Catalogues
Products Catalogue for Non-Pressure Pipeline Systems
Pressure Pipeline Systems Products Catalogue
Sewage Pumping Station Systems Product Catalogue

Any modifications to the CWW Products Catalogues will be progressively added to this website in the form of **the Corporations'** Water Supplements:

CWW Product Supplement	Rev No	Dated Added/Modified

Only the most current products, listed in the CWW approved products catalogues together with any amendments contained within **the Corporations'** Supplement, are to be used in the Ben Lomond Water service area.

### CONDITIONS OF USE

These specifications, drawings and approved product lists were prepared to assist in the design and construction of water and sewerage infrastructure. The documents are designed to be used in conjunction with each other and under the supervision of Ben Lomond Water officers who are trained and experienced in their application. Ben Lomond Water does not consider the documents suitable for use for any other purpose.

If you use these documents for any purpose which is not consistent with the above (including, without limitation, for carrying out any investigations, design, construction, engineering, maintenance or other work), you do so at your own risk.

The documentation only provides the minimum requirements. It is the responsibility of **the designer** to ensure that designs comply with all the relevant Australian Standards and other regulations.

It is the responsibility of **the designer** and **the developer** to ensure that safe construction methods are used and that the construction work complies with the approved design drawings and all the relevant standards and regulations.

### DRAFTS FOR COMMENT

The following drafts have been issued for comment and you are encouraged to submit your comments in writing by the closing date by emailing to: [standards@blwater.com.au](mailto:standards@blwater.com.au)

Draft Titles	Rev No	Closing Date for Comment

### SUGGESTIONS

Ben Lomond Water welcomes your input into the ongoing development of standards and approved product lists and you are encouraged to submit your suggestions by emailing to: [enquiries@blwater.com.au](mailto:enquiries@blwater.com.au) clearly marking the email 'Standards' in the subject line.
